

UTKARSH BANSAL

Data Analyst

+91-8475020043 Utkarshbansal304@gmail.com [LinkedIn](#) [GitHub](#)

PROFILE SUMMARY

Detail-oriented **Data Analyst** skilled in **Python, Advanced Excel, SQL, and Power BI**, with hands-on experience in **data cleaning & transformation, exploratory data analysis, and dashboard development**. Proficient in building end-to-end analytics solutions from raw data to actionable insights, with project experience spanning **retail sales, entertainment content, economic inflation analysis, and automated reporting pipelines**. Adept at identifying trends, patterns, and business opportunities through **data visualization** and **statistical analysis** to support informed business decision making.

PROJECTS

Automated Reporting System | *Python | Pandas | Matplotlib | OpenPyXL* | [GitHub](#) April 2026

- Developed an automated reporting pipeline to transform raw **CSV datasets** into structured and formatted **Excel reports**, eliminating manual reporting effort entirely.
- Utilized **Pandas** for data cleaning and aggregation, **Matplotlib** for chart generation, and **OpenPyXL** for dynamic Excel report generation with formatted layouts.
- Designed the pipeline to handle **end-to-end automation**—from raw data ingestion to final report output—significantly reducing report generation time.

Walmart Retail Sales Analytics | *MySQL* | [GitHub](#) March 2026

- Analyzed **4.2 lakh weekly sales records** across **45 stores and 99 departments** (2010–2012) using **MySQL** with multi-table **JOINS, CTEs, and Window Functions**.
- Ranked store and department performance using **RANK()** and **DENSE_RANK()**; identified Store 20 as top performer at **\$30Cr revenue** and Store 33 as underperformer despite being Type A.
- Analyzed **markdown impact** on holiday sales — MarkDown4 and MarkDown2 showed **9–10% sales lift**; built **stored procedures** and **views** for reusable on-demand store reporting.

Netflix Content Analysis Dashboard | *Power BI* | [GitHub](#) Dec 2025

- Analyzed **5,283 Netflix titles** (Movies & TV Shows) spanning **1953–2022** using **Power BI**; performed data cleaning in **Power Query** handling **2,285 missing values** in age certification column.
- Created a **custom weighted metric** combining IMDb score and vote count to measure true content quality; built **DAX measures** for average ratings, runtime trends, and audience engagement analysis.
- Identified that **TV Shows consistently outrate Movies**, **PG-13** content performs best, and **64%** of Netflix catalog is post-2010 — insights visualized through interactive slicers and drill-through navigation.

India CPI Inflation Analysis (2013–2023) | *Advanced Excel* | [GitHub](#) Nov 2025

- Analyzed **10 years** of Government of India monthly CPI data across **27 categories** and **3 sectors** (Rural, Urban, Rural+Urban) using **Advanced Excel**; handled **239 missing values** via Forward Fill and Interpolation.
- Used **Pivot Tables, MoM & YoY calculations, and CORREL()** function to identify **Food & Beverages** as the largest inflation driver and measure correlation between crude oil prices and Fuel & Transport categories.
- Compared inflation **before and after COVID-19** (March 2020); found spike in **Health and Fuel** categories post-pandemic, with insights visualized through Line Charts and Bar Charts across all 3 sectors.

KEY SKILLS

Data Analysis & Tools: Advanced Excel (Pivot Tables, VLOOKUP, CORREL, Forward Fill), EDA, Statistical Analysis

Programming & Libraries: Python, Pandas, Matplotlib, OpenPyXL, Data Cleaning, Data Aggregation

Database Management & Querying: MySQL, SQL, Joins, Aggregations, Subqueries, Window Functions (RANK, DENSE_RANK, LAG), CTEs, Views & Indexes

Business Intelligence & Reporting: Power BI, Power Query, DAX, Data Modeling, Star Schema, KPI Reporting, Interactive Dashboards, Drill-through Navigation

Soft Skills & Tools: Analytical Thinking, Problem-Solving, Attention to Detail, Data Storytelling, MS Office, Google Sheets

EDUCATION

Vellore Institute of Technology

B.Tech in Computer Science

2022 – 2026

CGPA: 8.04
